DEMINEING APRON

The Guartel Modular Deminers Apron MDA 450 has been designed to conform with UN International Mine Action Standards (IMAS). The MDA 450 provides frontal protection for the Deminer and replaces the well known DMV-3.

The MDA 450 consists of a vest with removable apron, optional removable arm and shoulder protectors.

The MDA 450 is manufactured using light-weight Aramid weave and the outer shell is manufactured from flame retardant hard wearing Cordura material. The MDA-450 is supplied in a carry bag with space for a Deminer's helmet and visor.

Protection Levels

STANAG 2920 V50 Rating 450 m/s
