MARKETS SERVED:

FIREFIGHTING  MILITARY  INDUSTRIAL  LAW ENFORCEMENT  OUTDOOR  DIVING

Lighting tools – they’re a core element of every toolbox. They have a straightforward and simple purpose. Yet, when you’re in a situation that requires a lighting tool, you want to make sure you have the right one. Peli understands the critical importance of this tool. We provide a wide range of Advanced Lighting Systems to support professionals, outdoor enthusiasts and everyday do-it-yourself hobbyists. Regardless of the purpose, our lighting tools and remote area lighting systems enable you to accomplish your tasks in a safer and more efficient manner.

With this perspective, Peli relentlessly pursues innovation for new lighting tool products and manufacturing processes. We have adopted the ANSI FL-1 lights standards (performance symbols and standards that effectively communicate a lighting tool’s features and benefits) and continue to increase the number of industry leading safety approvals for specific models.

Our new Lighting catalogue features multiple technology advances. These include LED performance upgrades, new switch features, upgraded safety approvals and enhanced packaging. You’ll see that the contents within detail our commitment to environmentally friendly practices. Many of our lights use LED’s and provide several benefits that help us protect our planet. LED’s are longer lasting, promote extended battery life and are much brighter than incandescent bulbs.

From basic models to the high-performance 9410 LED Lantern (our brightest handheld torch to date) and the 9470 Remote Area Lighting System (which delivers 12,000 lumens), we are ready to provide world-class support for our dealers and end-users across the globe. And, all of this comes with Peli’s industry-leading guarantee of excellence.

So look through our new catalogue and discover the ideal lighting tools for your specific needs.
PERFORMANCE STANDARDS AND RATINGS

ANSI STANDARDS (American National Standards Institute)

Why create standards? While Peli was one of the first manufacturers to use quantifiable test procedures, the need was recognized to develop a common language that customers could use to select the right torch for their specific needs.

As a result, the American National Standards Institute (ANSI), with input from the torch industry, developed performance standards and symbols to effectively communicate a light's features and benefits.

GLOSSARY OF TERMS

**Candela** – A unit of measurement of the intensity of light that is emitted by a light source in a particular direction.

**Lumen** – A unit of measurement of the amount of brightness that comes from a light source. Lumens define "luminous flux," which is energy within the range of frequencies we perceive as light.

**Integrating Sphere** – An integrating sphere is a measurement device with an entrance port that can accept all the directional light output of the device under test, or can totally enclose the device itself. The walls of the sphere should be highly diffuse with high reflectivity (>80%) and the spectroradiometer should be shielded from direct view of the device under test by a baffle system.

**Ip (Ingress Protection)** – Ingress Protection (IP) ratings specify the environmental protection the enclosure provides. The IP rating normally has two numbers (IPXX). The first number represents protection from solid objects or materials (dust) where the second number represents protection from liquids (water). With the IP rating IP 54, 5 describes the level of protection from solid objects and 4 describes the level of protection from liquid.

**Peak Beam Intensity** – Peak Beam Intensity is the maximum luminous intensity typically along the central axis of a cone of light. This is the maximum intensity that can be achieved.

**Run Time** – Run Time is defined as the duration of time from the initial light output value – defined as 30 seconds after the point the device is first turned on – using fresh batteries, until the light output reaches 10% of the initial value.

**Beam Distance** – Beam Distance is defined as the distance from the device at which the light beam is 0.25 lux (approximately the equivalent of the light emitted from the full moon "on a clear night in an open field").

**Water Resistant** – IPX4 Water splashed against the device from any direction shall have no harmful effects.

**Water Proof** – IPX7 Water shall not enter harmful effects through enclosure under standardised conditions of pressure and time.

**Water Resistant** – IPX5 Water splashed against the device from any direction shall have no harmful effects.

**Water Proof** – IPX8 Water shall not enter harmful effects through enclosure under conditions which shall be stated by the manufacturer, but which are more severe than for IPX7.

These standards are accredited by ANSI, which is a private non-profit organization that oversees the development of voluntary consensus standards for products, services, processes, systems, and personnel in the United States.

The organization also coordinates U.S. standards with international standards so American products can be used globally. Resulting ANSI/NEMA FL 1 Standards include the six criteria described below:
To meet the exacting requirements of ATEX directive 94/9/EC, Peli Lights are tested to ensure that they pose no threat of ignition when operating within hazardous locations. Using approved laboratories, the lights are tested to ensure that they will withstand rigorous impact and drop tests, severe environmental exposure and meet a minimum of IP54 water and dust ingress protection. Longevity and safety are assured by design. Each light certified by ATEX should have a code printed on its body. This code advises the user as to the area in which it can be safely used without risk of explosion.

Need more information about ATEX? Please visit www.peli.com

**IS MY TORCH CORRECTLY CERTIFIED BY ATEX?**

A torch certified to Category 1 (Zone 0) is safe for use in classified Category 2 (Zone 1) and Category 3 (Zone 2). Conversely the opposite is not possible. This information should be taken only as a guideline. Contact us for specific details on both, US and European Directives.

REMOTE AREA LIGHTING SYSTEMS

THE MOST INNOVATIVE RECHARGEABLE LIGHTING SYSTEM ON THE MARKET

Rechargeable Battery Powered Lighting for the most demanding tasks

- Redefines the Portable Lighting category
- 9 Models and growing
- Best in Class performance and durability
- Designed for Heavy Duty Jobs
- Safe, Noise Free, Fume Free
- Spot Lighting, Flood Lighting, NVG Lighting
- New Intelligent Control Switch Technology optimises power output vs burntime
- New Safety approved 9435 for hazardous locations

## TACTICAL/DUTY LIGHTS

These handheld and firearm-mountable lights will leave subjects frozen in their tracks. They are lightweight with non-slip bodies for a sure grip. Push button switch is easy to operate, even when wearing thick gloves. Safety features include a polarity guard tray that makes operating the torch impossible if cells are inverted and prevents dangerous outgassing. Smaller models make the ideal backup to the larger, primary patrol lights.

TACTICAL/DUTY LED LIGHTS

ADVANCED LED TECHNOLOGY

Packed with advanced LEDs that are powerful yet highly efficient for extended run time. Built tough to withstand the hard knocks that come with the job. Select models have a unique no-slip grenade grip body. Includes the 7060 LED, featuring patented dual switch technology. It was designed from a collaboration between Peli and the City of Los Angeles Police Department (LAPD™) and is standard issue for numerous police departments.

## HEAVY DUTY LIGHTS

**Pack the power, not the kilos**

Our heavy duty lights are big on performance, yet light in weight. The rechargeable 9410 LED Lantern uses four LEDs (for high, low, and flashing mode) powered by the latest generation NiMH batteries with charge status indicator.

NEMO DIVE SERIES

SCUBA
Discover new underwater worlds with the help of our extensive selection of dive lights. Whether in search of a pocket model, such as the lightweight 1960N that fits in your BC pocket, or a primary light with long burn time such as the Nemo™ 4300, there is a member of the Peli™ Nemo™ family to suit your diving needs.
LIGHT MOUNTING SYSTEMS AND HOLSTERS

Our tactical pressure switch replaces the standard tailcap on the torch. A 6” cord attached to a 2” pressure-sensitive switch mounts to the foregrip.

610 FRONT SIGHT MOUNT
Fits Peli Lights: 2300, 2320, 2390
Includes Remote Pressure Switch. For use with: AR15, M16, and M4 Carbine

620 SIDE SLING MOUNT
Fits Peli Lights: 2300, 2320, 2390
Includes Remote Pressure Switch. For use with: AR15, M16, and M4 Carbine

650 FOREGRIP MOUNT
Fits Peli Lights: 2300, 2320, 2390
Includes Remote Pressure Switch. For use with: Heckler, and Koch MP5

2326 REMOTE PRESSURE SWITCH
Fits Peli Lights: 2320, 2330, 2390
COLOR: Black • WT.: 2.0 oz.

770 UNIVERSAL HELMET LIGHT HOLDER
Fits most known helmet designs and functions with 16 different Peli torches. Tough polymer construction with brass inserts and stainless steel hardware.

Fits the following Peli Lights:
- MityLite™ 2300
- M6 2320
- M6 2330 LED
- MityLite™ 2340 & 2340NVG
- M6 2W 2380 LED
- StealthLite™ 2400, 2400NMG
- StealthLite™ 2410 Recoil™ LED
- MityLite™ 2430
- StealthLite™ Rechargeable 2450
- StealthLite™ Rechargeable 2460 Recoil™ LED
- PM6 3320
- PM6 3330 LED

Other Helmet Light Holders available (see chart on next page)

PRIVATE LABEL

Peli Products offers the ultimate in private labeling. You can put your company name and logo or a special statement on any Peli lights. Our in-house private label moulding and production department has complete short and long run capabilities for a variety of custom applications and custom colours. We have the latest hot stamping equipment, utilizing the world’s most durable epoxy inks and foils in our screening, hot tipping, embossing, and moulding programs.

GRAPHIC DESIGN STUDIO

Our in-house graphic studio will take your logo and size it appropriately to the torch of your choice.

HOT STAMPING DEPARTMENT

Our hot stamping department, equipped with the latest technology in custom imprinting. Minimum quantities apply.

100% ACCURACY

Peli’s strict QA inspection team will check for quality of print and 100% accuracy in colour and placement.

CATALOGUE PRODUCTS

The same durability and ingenuity built into every Peli light also sets our cases and specialty products apart. We are protecting equipment in the world’s harshest environments.

CASES AND SPECIALTY PRODUCTS

- Watertight cases for wet conditions
- Long cases for military and law enforcement
- Specialized laptop and organisation solutions for off site jobs
- Micro Case protection for small electronics
- Specialty products for portable workspace and organisation solutions

SEE OUR COMPLETE LINE OF CASES AND SPECIALTY PRODUCTS AT WWW.PELI.COM

Peli’s strict QA inspection team will check for quality of print and 100% accuracy in colour and placement.

Applicable national legislation governing the sale of consumer goods. This guarantee does not affect those rights. Some countries do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from country to country. Consumers have legal rights under applicable national legislation governing the sale of consumer goods. This guarantee does not affect those rights.

REMOTE AREA LIGHTING SYSTEMS

PELI 1 YEAR LIMITED WARRANTY FOR AALG PRODUCTS

Peli Products, S.L.U. (“Peli”) warrants to the original purchaser that its Remote Area Lighting Systems (RALS) and all other products manufactured by the Advanced Area Lighting Group (AALG) will be free of defects in materials and workmanship under normal use, service, and maintenance for a period of twelve months from the date of purchase. This warranty applies only to the original purchaser and is not transferable.

To the extent permitted by law: (A) THIS WARRANTY IS IN LIEU OF ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE; AND (B) ALL OTHER IMPLIED WARRANTIES AND ANY LIABILITY NOT BASED UPON CONTRACT ARE HEREBY DISCLAIMED AND EXCLUDED. TO THE EXTENT PERMITTED BY LAW, THE REMEDIES HEREBY PROVIDED SHALL BE THE SOLE AND EXCLUSIVE REMEDIES OF THE ORIGINAL PURCHASER. Any repaired or replacement part or unit is covered only for the unexpired portion of the warranty on the original product purchased.

To make a warranty claim in Europe, Africa and/or the Middle East, the purchaser must contact a Peli Authorized Distributor. Any warranty claims shall be made by the purchaser as soon as practicable. In the event that it is determined the product is defective within the terms of this warranty, the Authorized Dealer will inform the customer whether the product will be repaired or replaced, at its sole option.

All warranty claims of any nature are barred if the product has been altered, damaged or in any way physically changed, or subjected to abuse, misuse, negligence or accident. Some countries do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from country to country. Consumers have legal rights under applicable national legislation governing the sale of consumer goods. This guarantee does not affect those rights.

*Limited guarantee not applicable where prohibited by law.

LIFTS

PELI LEGENDARY GUARANTEE OF EXCELLENCE

Peli Products, S.L.U. guarantees its lights for a lifetime* against breakage or defects in workmanship. This guarantee does not cover the lamp or batteries.

Peli will either repair or replace any defective product, at our sole option. To the extent permitted by law, the remedies hereby provided shall be the exclusive and sole remedy of the purchaser.

To the extent permitted by law: (A) THIS WARRANTY IS IN LIEU OF ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND ALL OTHER IMPLIED WARRANTIES AND ANY LIABILITY NOT BASED UPON CONTRACT ARE HEREBY DISCLAIMED AND EXCLUDED.

To the extent permitted by law, in no event shall Peli be liable for any indirect, punitive, incidental or consequential damages, or special damages, regardless of whether a claim for such damages is based on warranty, contract, negligence or otherwise.

To the extent permitted by law, in no event shall Peli’s liability to the purchaser for damages hereunder exceed the purchase price of the product in respect of which damages are claimed. To make a warranty claim in Europe, Africa and/or the Middle East, the purchaser must contact a Peli Authorized Distributor. Any warranty claims shall be made by the purchaser as soon as practicable. In the event that it is determined the product is defective within the terms of this warranty, the Authorized Dealer will inform the customer whether the product will be repaired or replaced, at its sole option.

All warranty claims of any nature are barred if the product has been altered or in any way physically changed, or subjected to abuse, misuse, negligence or accident. Some countries do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from country to country. Consumers have legal rights under applicable national legislation governing the sale of consumer goods. This guarantee does not affect those rights.

*Lifetime guarantee not applicable where prohibited by law.
