

**THE O'GARA GROUP**  
SENSOR SYSTEMS DIVISION

# ACCESSORIES

LOW PROFILE NIGHT VISION ACCESSORY EQUIPMENT

## VARIETY OF ACCESSORIES

- Conformal Enhanced Heads Up Display (CEHUD)
- Dayviewer
- Head Harness
- Helmet Strap
- Helmet Adapter Plate
- Fixed Mounts
- Stowage Mounts
- Refocus Lenses

## CONFORMAL ENHANCED HUD (CEHUD)

State-of-the-art Sensor Fusion capability offering AN/PVS-21 LPNVG, Model 2740 LPNVM, and Model 2758 Dayviewer operators the ability to integrate additional sensor information into a single night vision or daytime image, significantly enhancing situational awareness.

## HELMET ADAPTER PLATE

Bolt on, permanent method of providing a low profile, lightweight and very secure mounting point for interface with Night Vision and Dayviewer mounts.

## DAYVIEWER

Unique and robust see-through viewer for daytime operations displaying critical sensor information via integration with the CEHUD.

## FIXED MOUNTS

Proven, lightweight rugged mount providing adjustable interface between Night Vision and Dayviewer equipment and selected helmet mounting points.

## HEAD HARNESS

Proven design for helmet-less Night Vision and Dayviewer operations, provides for full equipment security and operator comfort.

## STOWAGE MOUNTS

Offers the same performance of Fixed Mounts, with the additional capability to stow the Night Vision device above the helmet brim.

## HELMET STRAP

Versatile and mobile method of providing a helmet mounting point for secure interface with Night Vision and Dayviewer mounts.

## REFOCUS LENSES

Innovative capability providing operators the ability to rapidly refocus their night vision view from infinity to approximately 22 inches for momentary use to perform close-in tasks.
