CONTAINEX – a WALTER GROUP company

CONTAINEX is the leading supplier of cabins and mobile space solutions throughout Europe, **with more than 30 years experience** in the mobile space solutions trade.

Industry, trade and commerce as well as local authorities and aid organisations benefit from the high product quality and the attractive price-performance ratio of the CONTAINEX space systems.

Our **first class credit rating from international rating agencies** offers our business partners the security of a reliable and financially stable partner by their side.

Bearer of the Austrian state emblem since 2010

Our Values

Our top priority is the **satisfaction of our customers and employees**. We see ourselves as a **long term partner** and with **lasting business relationships**. From the **family-like team spirit** in the company combined **with a co-operative leadership** and **maximum personal responsibility** we draw the strength and motivation for great challenges. A lean and powerful organisation through **decentralised profit centres** is the basis for our success, and the

success of our customers. **Continuous innovative adaptation** to the economic development as well as the **utilisation of environmentally-friendly technologies** are important considerations for us.

First class credit rating from international rating agencies

Mobile space solutions for all needs

Qualified employees from all over Europe

Competent employees **look after you in your native language** using the latest telecommunications technology, as well as **personal visits on site**.

From the quotation to the order and then the delivery, **our specialists take** responsibility for your space solution.

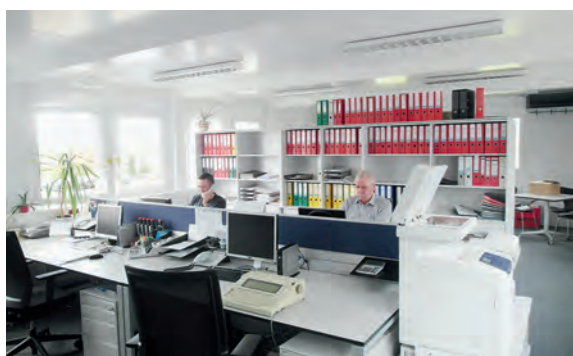

Our technicians **plan and configure** your individual space solution **using the latest software**.

Space for all occasions and readily extendable

To plan for the future is not always easy. Through the construction of the CONTAINEX modular space solution you can expand your building at any time. Additional rooms can therefore be easily and quickly created to fulfill your requirements.

"Space at once" – by this we understand flexible space solutions, which can be introduced quickly and easily anywhere in the world.

Flexible space solutions with a future

Suitable for any purpose

Quick assembly and disassembly, individual design and re-usability – from events to major construction sites. Anywhere, where space is required at short notice, mobile room solutions cannot be ignored.

Especially in our sanitary cabins we provide well thought out, high quality installations that are **easy to use** and **totally reliable**.

Modular Buildings with the highest level of comfort

Our modular solutions **fulfill every customer requirement perfectly** and are therefore an **attractive alternative** to a permanent build. We offer **a sense of well-being through**

individual add-ons such as heating, air conditioning and optimum heat and sound insulation – and all this in **the shortest construction time**.

Space for storage and transport

CONTAINEX storage container

CONTAINEX **storage containers** are readily available in **various sizes and colours** and **additional practical options**. You can order with electrics, various security options and many more options. Through the **delivery in a set**, small containers in larger containers (Matryoshka Principle), **you save on transport costs**.

CONTAINEX shipping container

Shipping containers serve as **cheap export packaging**. The containers have a valid **CSC plate** and are **promptly available** from our depots **throughout Europe**. Shipping containers are also very suitable for self storage. In Wiener Neudorf, south of Vienna, CONTAINEX operates a **modern Container depot** (authorised by Germanischer Lloyd) and **repair service** for shipping containers.

- CTX direct hire
- Hire through trading partners
- No direct market activities

Space solution purchase or hire

Space solutions from CONTAINEX can be purchased or hired. Whatever your decision – we plan, design and deliver according to your wishes and requirements.

The CONTAINEX products can be hired throughout Europe, either directly by CONTAINEX or our selected trading partners.

Comprehensive service

More than 25,000 rental containers and more than 80,000 units, which are hired out via our trading partners, are available for you.

Advice and planning on site in combination with our comprehensive network of depots, as well as other services such as delivery and assembly guarantee space at once!

Made in Europe

Our factories

The **long term partnership** with certified production sites, owned by CONTAINEX, ensures a **high and controlled product quality**.

We push energy efficient construction methods, with the usage of recyclable materials and **environmental manufacturing methods**. The production of the office, sanitary and storage containers is carried out according to the environment and quality standards (Green Technology).

Further information on environment and quality measures undertaken by CONTAINEX can be found in the CTX-SSHE-Q-report (Safety-Security-Health-Environment-Quality). You can ask your CONTAINEX sales manager for a copy.

Green technology stands for:

- Selection and usage of recyclable materials
- Energy efficient and ecologically friendly production in certified, European production plants
- Continuous quality inspections and environmental audits in the production plants
- Long product life – high insulation – low energy usage
