WB[®]
WILL-BURT

WWW.WILLBURT.COM

The Will-Burt Company is your One Stop Source for contract manufacturing and custom fabrication that delivers quality products on-time. Metal fabrication, assembly and a state-of-the-art powder coat line are the foundation of our capabilities and are housed in 400,000 square feet of manufacturing space in Orrville, Ohio. A highly skilled workforce provides the craftsmanship and are guided by a 6S process of creating and maintaining a high performance workplace. These capabilities allow Will-Burt to deliver superior products at a competitive value.

Will-Burt understands you expect the best products delivered on-time. Our quality system is certified ISO 9001:2008 and our environmental management system is ISO 14001:2004 certified. These worldwide recognized certifications ensure that our manufacturing processes deliver quality products in a manner that is compliant with all environmental, legal and other requirements.

Quick-Turn® is an independent shop within Will-Burt specializing in fast turnaround quotes, rapid fabrication, prototypes and emergency parts. Parts can often be produced without tooling investment reducing lead time and capital expense.

Will-Burt is 100% employee-owned by a highly skilled and dedicated workforce.

POWDER COAT SERVICES

Will-Burt installed an advanced powder coat finishing line that produces a high quality and durable Class A Industrial Finish in 2013. This coating facility was featured in the October 2013 edition of Powder Coated Tough magazine and is known as one of the most advanced systems currently in operation in the eastern US.

PROCESS AND CAPABILITIES

- **Up To Class A Finish Per Customer Requirement**
 - Large Part Capable
- **48" x 72" x 120"**
- **Contaminant-Controlled System**
 - Environmentally regulated paint room and enclosed line
 - 14 automatic guns
 - 4 manual guns
 - 2 coat capable
- **Fast color changeovers**
 - Color-on-Demand System

 - Complies with Will-Burt's ISO 14001:2004 Environmental Management System

Will-Burt also offers wet painting for products that do not require powder coat or exceed the powder coat line's capacity.

CERTIFIED WELDERS / WELD INSPECTORS

Our welders are certified per AWS standards. We can weld steel, stainless and aluminum using both manual and robotic processes.

LASER CUTTING

Our leading edge flatbed laser machine guarantees high productivity and efficiency. Maximum performance is delivered from thin sheet to thick plate. Superior cut edge finish.

FORMING

Our press brakes feature high precision, high speed forming, state-of-the-art six axis back gauges, CNC crowning, and premium precision ground, segmented tooling to form your most complex parts.

MILLING & TURNING

We have a wide variety of machining capabilities utilizing numerous manual machines, as well as seven CNC lathes and six CNC machining centers.

ASSEMBLY / PACKAGING / STORAGE

As your "1 Stop Source" we offer turn-key solutions that include efficient product assembly, packaging and storage. Our location in Orrville, Ohio puts us just a few hours away from most Midwest manufacturing and assembly operations.

The Will-Burt Company (www.willburt.com), located in Orrville, Ohio, is the world's premier manufacturer of telescoping mast and tower elevation solutions – the world's one stop shop offering virtually every payload elevation solution from one source – for military, fire, cellular, broadcast, entertainment and other applications. Will-Burt also designs and manufactures military and other shelters made of all-composite materials that deliver higher performance at lower life cycle cost than metal or partial composite shelters. Will-Burt's LINX security solutions provide integrated access control and intrusion detection certified to protect critical assets. Will-Burt also offers a variety of manufacturing services backed by an ISO 9001:2008 certified quality system and a 14001:2004 environmental management system. Incorporated in 1918, Will-Burt is 100% employee-owned and is classified as a small business.
