## THE PROPERTY REGISTRATION AND PROTECTION SOLUTION

### FAST ACCURATE AND SECURE REGISTRATION OF PERSONAL PROPERTY

The Radio Tactics enhanced HERMES platform provides a complete end to end solution for the wider Police Community to drive the mass registration of property onto the National Mobile Property Register (NMPR) via the publicly accessible IMMOBILISE portal.

Used as part of an anti-crime initiative, HERMES is proven to act as a clear deterrent to curb opportunistic theft. Registered property is less desirable and valuable to criminals.

### BENEFITS

- ▶ Complete system solution for reducing property crime- 'A Campaign-in-a-Box'
- ▶ Customised public awareness publicity materials to stimulate interest and drive property registration
- ▶ Choice of hardware platforms that can be combined to cover the full range of operational usage
- ▶ Comprehensive Service and Support package designed to maintain operational capability
- ▶ Raises public awareness of local police and community efforts to tackle property crime hotspots

# HERMES PROPERTY PROTECTION SYSTEM

## INTELLIGENTLY DEVELOPED FOR CRIME PREVENTION

The vast majority of people now own a variety of technological devices and more expensive property than ever before, as a consequence many communities are now relentlessly targeted by thieves.

- Fast, accurate and secure registration of personal property onto Immobilise
- Now with single click logon to the NMPR

### Expand police initiatives to fight and tackle volume crime

- Actively promoting the registration of personal property
- Registered property is far less desirable, reducing the value of stolen goods

### Easily register large volumes of information on the Immobilise database

- Simple menu driven data entry screens
- Registration of multiple items in a single upload

### Enable officers to instantly identify stolen property and SAVE officer and control room staff time

- Lightweight, rugged, battery powered portable units
- Receive results in seconds to confirm if property has been lost or stolen
- Information on blocked mobile phones

### Immediate proven grounds for arrest

- Quickly scan large quantities of goods in the possession of a suspect
- Find sufficient grounds to hold in custody as further evidence is gathered

"The overall success was measured by a near 80% reduction in offences of dwelling burglary in areas targeted, which wasn't displaced to a neighbouring area. This reduction is still continuing over eighteen months later".

DS Karl Rowland, Devon & Cornwall Police

### PROMOTE, INFORM, DETER.

The 'Get It Logged' campaign material covers promotion, information

and deterrence – each playing a vital part in educating communities and deterring theft. Customers can choose from a variety of collateral to build a mix of resources that are most appropriate for the planned initiatives. The collateral choice ranges from vertical banners, suitable for public awareness campaigns within shopping centres, to drinks coasters, for campaigns run within Universities.
