

# BUSH CRAFT BAGS

# JETSTREAM

## 3 Litre personal hydration system

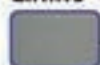

WITH 3 LITRE  
**SOURCE™** RESERVOIR

From the start of your journey to your final destination, you will feel the benefits of the JETSTREAM

# JETSTREAM SPEC

## LINING

Closed cell foam lined pouch to help keep the contents cool or warm.

## ACCESS OPENING

Easy access double zip extends down the pack and provides opening for the drinking tube over the shoulders or under the arm.

## CAPACITY

Source reservoir:  
3 Litres

Large 52mm opening with handle

## SHOULDER STRAP

Lightweight shoulder straps are removable so the system can be attached to the larger packs, yokes and makes it easier to fit into your rucksack.

## FABRICS

Polyamide fabric available in:  
Multicam™/Coyote/Black

## ATTACHMENTS

6 'D' rings and 4 side release buckles, to attach to the outside of UK MoD daypack or BCB's Payload daysack.

## EXTERNAL FRONT POCKET

Additional external pouch for purification tablets or any other personal items, keys, phone, etc.

Available in:  
Black

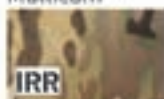

CR802B

Coyote

CR802C

Multicam™

CR802M

## Storm Valve™

Easier to drink from.  
Faster flow rate than most bite valves

## Dirt Shield™

Cool weave  
insulating cover  
tube

## Angled Valve

Easier to drink than  
from a straight Valve.

## Baffled Reservoir

(For Payload and Haul systems only)  
Helps to reduce the sloshing around of the water when you are on the move. Also stops the large bulge at the bottom of reservoir when more than half full.

The fully integrated  
Bush Craft Bag system.
