

LASER TRAINER™ (L1000)

KEY FEATURES

- Supports all levels of force options
- Supports multiple shooters and multiple laser devices simultaneously
- Supports broad range of standard issue firearms and devices

PRISim Suite® Installed Trainer PRO is a judgment evaluation and force options training system, loaded with training features to meet your needs. By design, it creates a safe, effective and realistic learning environment for law enforcement, military and security professionals.

PRISim Suite® Installed Trainer PRO places participants in an environment where they must overcome potentially deadly mistakes, indecision, sudden fear, partial understanding and life or death choices.

PRISim Suite® is a training tool that promotes positive learning and skills that are difficult to recreate by other training methods.

KEY FEATURES

- Supports Shootback® Canon
- Presents consistent training scenarios and learning objectives for each trainee
- Supports broad range of standard issue firearms and devices
- Supports multiple shooter and multiple laser devices simultaneously
- Supports all force options
- Firearms control (simulates stoppages and reloads)
- Integrated PowerPoint® viewer for briefing and debriefing
- Review and export of training performance
- Installed by trained professionals
