PELI ProGear™

PROTECTION AS SMART AS YOUR PHONE.

iPhone® 5

Galaxy S®

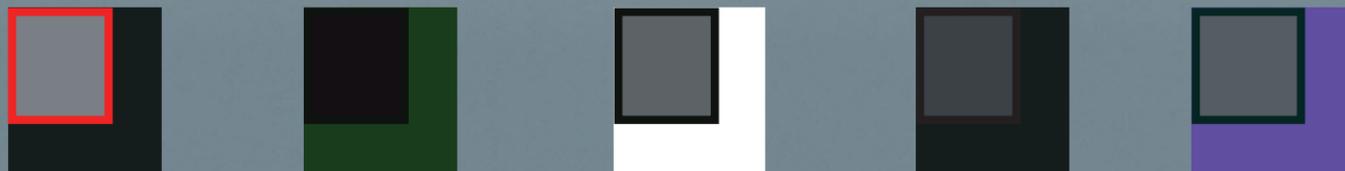

Few things are as beautifully engineered as a smart phone. One of them is the new Peli ProGear™ Vault series phone case. Made with the same precision as your iPhone® 5 or Galaxy S®, the Peli ProGear™ Vault case will defend your fragile device better than any other phone cover available.

Peli ProGear™ Vault Series

- Aluminum and engineering grade polymer materials provide ultimate protection
- Slimmer and lighter than other smart phone case designs
- Elastomeric copolymer rubber absorbs shock and impact
- Full-seal design defends against wind-driven snow, rain and dust
- Aircraft grade aluminum dial and buttons for precise control
- Durable Lexan® screen cover with anti-scratch technology
- Waterproof GORE-TEX® membrane covers microphone and speakers for hi-fidelity audio
- Optical grade Gorilla® Glass camera port
- Flush fit stainless steel hex-head machine screws (hex wrench included)

PROTECTION AS VERSATILE AS IT IS STRONG.

iPad Mini™

iPad®

With its versatile cover, the new Peli ProGear™ Vault for iPad® and iPad Mini™ lets you protect your device three ways. Closed, it prevents impact to the screen and seals out dust and moisture. Open, you have the freedom of cover-free use but with impact protection. And easel viewing, by flipping the cover over the back to use as a secure table stand.

Peli ProGear™ Vault Series for iPad® and iPad Mini™

- Exclusive Peli ProGear™ Vault cover with rubber edge seal blocks out rain, snow and dust
- Tensioned hinges hold the cover for privacy, shade or easel stand use
- Cover detaches quickly while case continues to protect iPad
- Elastomeric Copolymer rubber interior absorbs impact forces
- Optical grade Gorilla® Glass camera lens cover
- Waterproof Gore-Tex® membrane covers microphone and speakers for hi-fidelity audio
- Flush fit stainless steel hex-head machine screws (hex wrench included)
- Drop tested to concrete at 2 m.

PROTECTION AS TOUGH AS YOUR COMMUTE.

iPhone® 5

Galaxy S®

Now you can get through the daily grind with one less thing to worry about: dropping your smart phone. Our engineers conceived two levels of protection: a tough chamfer design on the outside and a soft elastomeric lining on the inside. The result? Upon impact the Peli ProGear™ Protector case deflects energy and cushions your phone, preventing damage to the fragile glass surface and sensitive electronics.

Peli ProGear™ Protector Series

- Elastomeric Copolymer rubber interior absorbs shock and impact
- Engineering grade polymer for ultimate impact protection
- Simple, snap together construction
- Cover wraps over screen edge for 360° protection
- Smooth outer shell slides easily into pockets and bags
