

A Price Performance Leader in Power Management

Linear Voltage Regulators

Sensitron currently manufactures or can manufacture equivalents to the following selection of Standard Microcircuit Drawings of linear voltage regulators without N.R.E. costs. Please contact us at sales@sensitron.com for additional part number offerings.

| SMD | GENERIC PART | SENSITRON EQUIVALENT |
|--------------|---------------|----------------------|
| 5962-0722903 | LM117HVK | SHD526050 |

VOLTAGE REGULATORS

About Sensitron:

Sensitron is a leading manufacturer of high reliability power electronic solutions including motor controllers, smart power management and conversion, diodes and voltage protection components and embedded boards. Sensitron has over 40 years heritage of serving the complete spectrum of reliability markets including space, aerospace, and defense.
