

AirShip

New from
cpcases 

- Super-lightweight protective solutions
- Patented laminated structure for superior strength-to-weight ratio
- Designed to customers' individual requirements

- Significant weight saving against size
- No equivalent product on the market
- Will achieve weight/volume ratios of better than 20kg/m³

- Honeycomb polypropylene inner construction
- Laminated structure, bonded for rigidity

- Rugged outer textile container
 - Reinforced corners
 - Webbing straps
 - Plastic side release clasps

- **The mating 'lid/base' faces made from higher density foam**
 - CNC routed male/female locating feature
 - Ensures a compression fit when secured
 - Internal pocket is maintained under duress

- **Large scale, tough but lightweight solution**
 - External faces are protected by additional panels of honeycomb polypropylene

- **Unique overall patented design delivers a stackable solution for easy storage**
 - Waterproof texturised nylon outer covering, highly resistant to abrasion and tears

Benefits

- Significant weight saving against size
- Patented laminated structure for superior strength-to-weight ratio
- Designed to customers' individual requirements
- No equivalent product on the market

- **Tensioning straps ensure good planar fit and seal**
 - Water and dust tight

Unmatched solution for:

- Aerospace
- Energy, Oil & Gas
- Secure Telecommunications
- Professional Media
- Satellite Uplinks
- Defence & Security
- Offshore & Geophysical
- Medical, Scientific & Engineering
- Electronics
