

BlizzardStore

ISO certified refrigerated storage container.
 Suitable for shipping or general storage.

- Multiple reefer machinery with in-built redundancy.
- Hygienic open plan temperature-controlled storage.
- Easy open doors, with high (1 meter from ground) single locking rod with longer rubber grip handle for better leverage.
- Heavy duty sliding thermal door curtains.
- Aluminium chequer plate flat floor for easy use of pallet trucks and walk safety.
- Internal recessed LED lighting with on/off switch.
- Aluminium ramp which secures to container.
- Emergency safety door - can be opened from the inside.
- Key lock door system.
- Door positioning to your requirements.
- Fully constructed within a matter of days.

Uses

- Temperature controlled storage of perishable goods such as food and pharmaceuticals for a number of uses such as aid camps, festivals or hotels.
- Flexible design to allow up-sizing and downsizing where necessary, whilst being cost-effective and much faster compared with building permanent refrigeration.
