

LRF Laser Rangefinder Applications

Noptel

Applications

- Vehicle mounted reconnaissance systems
- Airborne, land and maritime systems
- Observation and surveillance systems
- Fire control systems
- Mobile range finding
- Target acquisition
- Handheld targeting systems
- Sights

AT THE FOREFRONT OF OPTICAL MEASUREMENT TECHNOLOGY

Noptel LRF Laser Rangefinder Modules

Maximum range 3-30 km

Measurement rate 0.2—200 Hz

Precision 0.5—3 m

Weight 27—445 g

Eye safe laser class 1
