

The Apeks Guardian Full-Face Mask is designed to meet the demanding needs of today's Professional Diver, it leverages the best features found on other masks with unique features designed specifically for the market.

Features

- Removable second stage for easy cleaning and storage
- Made of a one-piece, pliable silicone skirt combined with injection molded, high-impact, glass-filled nylon frame and regulator housing
- Double face seal and slightly smaller/low volume oral nasal cavity to fit most faces
- Customizable nose block for equalization
- Air flow is directed up the visor face to eliminate fogging and through one-way valves in the oral nasal pocket to reduce CO2 retention
- Second stage comes off the right shoulder and uses a standard LP hose
- Communications port for easy installation of an OTS Buddy Phone or ear/ microphone assembly
